

WEBASSIGN

The homework must be completed and 100% correct by 11:59 pm on Day 6 of the cycle.

GUIDELINES FOR WRITING UP HOMEWORK ASSIGNMENTS

The written-up homework is due at 3:00 pm on Day 6 of the next cycle.

1. State given information and what is being asked for, clearly labelled.
2. Include a diagram.
3. Bound the problem. For instance, "I expect the answer to be less than 9.8 m/s^2 but more than 0, because the object can't accelerate faster than $1g$."
4. Neatly show the calculation.
5. State the answer; box it.
