

Week 8 Zero-g

Moon vs International Space Station

Videos are at mrmont.com

1. Look at video #1 - Life on the International Space Station (ISS)

a) Is there air on board the ISS? How do you know?

b) Is there gravity aboard the ISS? How do you know?

2. Look at video #2, 3, and 4 - Life on the Moon

a) Is there air on the Moon? How do you know?

b) Is there gravity on the Moon? How do you know?

3. The average person on the street thinks that when there's no air, there's no gravity.

What do you think?
